City will benefit from Maha Marathon: Mayor Ghodele

LOKMAT NEWS NETWORK
AURANGABAD, NOV 27

Lokmat Group of Newspapers had organised Marathon in the historic Aurangabad, the capital of Marathwada, last year. The sports event witnessed participation from different corners of state and the country. The competition has now transformed into Maha Marathon which is scheduled to be held on December 17, this year. AurangabadFirst had a word with the city's first citizen, mayor Nandkumar Ghodele, to know his views on the mega event.

Excerpts

- Q: In what way the city will benefit from Maha Marathon?
- A: Many players from Marathwada had carved a niche on state and national-level in games. It is a great challenge to

getting readymade platform. The Lokmat Group of Newspapers has maintained consistency through Maha Marathon. On account of the event, the AMC has undertaken the repairing of roads, from where participants will be running on 5 kms, 10 kms and 21 kms long track. Under Swachh Bharat Abhiyan, we have started to clean up the surroundings of above tracks. The city will be definitely benefitting through

the event.

■ Q: Why should citizens participate in Maha Marathon?

■ A: May it be the common man or a VIP, nobody has time to look towards their health. I frequently visit different parts of the city at 5 am and find very few citizens coming out of their homes and going for jogging. We have Oxygen Hubs, which are a nature's gift to us, in different corners of the city. In terms of health, it is very beneficial to walk during early morning hours. The citizens should participate in 'Maha Marathon' and protect their health. They should participate in the competition with their family members and friends. I am also running in the Maha Marathon.

■ Q: What improvement you

wish to be made in the competition compared to the last year?

■ A: The Aurangabad Municipal Corporation (AMC) will be participating in the Maha Marathon. We will extend all cooperation in preparations of the event through Swachh Maharashtra Abhiyan and Swachh Bharat Abhiyan. If there had been any shortcomings they will definitely be resolved this year. AMC will ensure that the participants in the competition do not face any inconvenience. A meeting in this regard was held with the civic administration last week. The officers concerned have been directed to launch works to repair roads, streetlights, provision of health and fire brigade services and maintaining cleanliness. The civic officials had also given positive response.

Lokmat Maha Marathon: A feather in cap of M'wada

Aurangabad, Nov 27: During his 14 months stint as Commissioner of Aurangabad Municipal Corporation (AMC), Om Prakash Bakoria left impression of his administrative ability on people's minds. Currently, he is the joint managing director of MSEDCL (Aurangabad region). Lokmat Times spoke with Om Prakash Bakoria to know his opinion about Lokmat Maha Marathon.

■ Q: What's your opinion about talented sportsmen of Marathwada?

■ A: I have been living in the city for the past two years. There is a lot of scope for new sportsmen of the city and adjoining areas for progress. The sportsmen should get proper training from experts time and again. This helps in emergence of new sportsmen. As AMC commissioner, I developed Garware Sports Complex. Ranji Trophy matches can be held on the ground in

grounds are developed. Top sportsmen should be called in the city again and again for guiding the local youths.

■ Q: You had a lion's share in the success of the last year's marathon.

■ A: For the first time, Lokmat had organised Marathon. I liked this initiative of Lokmat. State, national and international athletes came here to participate in the Marathon. That the contest was being held in the city was more than important who organised it. This is a good initiative to improve image of the city. The

AMC too participated in the run. Under Swachh Bharat Mission, various works of cleanliness were done. The roads on which runners were to run were made pothole-free.

■ Q: Will you participate in Marathon this time?

■ A: I myself participated in Marathon last year. The thrill of running with thousands of athletes was different. I will surely participate in the contest. Like last year, professional Marathon athletes will participate in it. This will benefit sportsmen of Marathwada. Such type of projects should be undertaken in the city. Running is very important for one's fitness. One should be able to take care of one's health. There are many benefits of running. I cannot talk further on running as I am not an expert about it. It is a matter of joy that consistency continues in Marathon.
